

Mount St Thomas Public School

SMART START PROGRAM

Strategies implemented:-

Several staff have been attending training/information workshops on various aspects of TTS.

The school has a representative who attends the Wollongong TTS network meetings held monthly at the DET office.

A committee of teachers and parents was formed in term 3, 2004.

The committee has:-

- Been working through a matrix to self-access where we fit regarding areas of strength and weakness.
- Developed an initial strategy to address areas of improvement and include those outlined in your green flyer including the Parent Mentoring Program.
